Application No: GB0624216.8

25 January 2007

Dear Sirs

**Patents Act 1977:
Combined Search and Examination Report under Sections 17 and 18(3)**

Latest date for reply:

25 May 2007

I enclose two copies of my search and examination report and a copy of the citation.

By the above date you should either file amendments to meet the objections in the report or make observations on them. If you do not, the application may be refused.

Publication

I estimate that, provided you have met all the formal requirements, preparations for publication of your application will be completed soon after **27 February 2007**. At this time you will receive a letter confirming the exact date when the preparations for publication will be completed. This letter will also tell you the publication number and date of publication of your application. However, it should not be relied upon as a reminder if you are intending to withdraw your application before publication.

Withdrawal/amendment

If you wish to withdraw your application before it is published you must do so before the preparations for publication are complete. **WARNING** – after preparations for publication are complete it will NOT be possible to prevent publication.

If you wish to file amended claims for inclusion with the published application you must do so before the preparations for publication are completed. If you write to the Office less than 3 weeks before 27 February 2007 please mark your letter prominently:

Patents Act 1977

Combined Search and Examination Report under Sections 17 & 18(3)

Allowance of the divisional date

1. Your request that this application be treated as having been filed on 18 August 2004, which is the same date of filing as your earlier application number GB0603155.3, has been allowed.
2. The description should be brought into agreement with the claims of the present divisional application to clearly distinguish between those features and drawings that relate to the present invention and those that relate to the parent application.
In particular the statement of invention and other passages on page 5 should be brought into agreement with the claims of the present application.
